Kansas and Oklahoma Cities v. Williams Natural Gas Company; Notice of Complaint and Request for Declaratory Order

March 22, 1995.

Take notice that on March 15, 1995, The Kansas and Oklahoma Cities (Cities) filed an Emergency Complaint and Request for Declaratory order relating to William Natural Gas Company's (WNG) proposed new Third Right of First Refusal Procedure (ROFR), required by the Commission in its order in this proceeding on November 4, 1994. The November order stated that the Third Open Season should be completed by May 1, 1995.

On March 10, 1995, WNG sent a "Notice of Non-Preferential Right Bidders in WNG's Order No. 636 Open Season Held in August, 1993" relating to the procedures it would apply in the Third Right of First Refusal Process. Cities states that since the request for bids in the Third ROFR procedure will be sent by WNG to the Cities and other bidders as early as March 15, 1995, with responses due three days thereafter, the Cities are forced to seek emergency action from the Commission in order to ensure that the Commission's instructions for the conduct of the Third Right of First Refusal Process have been properly carried out.

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Rules 214 and 211 of the Commission's Rules of Practice and Procedure 18 CFR 385.214, 385.211. All such motions or protests should be filed on or before April 11, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. Answers to this complaint shall be due on or before April 11, 1995.
